

House rules Biomass power plant

September 2023

Welcome to Ennatuurlijk Aardwarmte !

The biomass plant from Ennatuurlijk Aardwarmte is a fully automated power plant, which is unattended most of the time. However, it is possible to unload your cargo here at any time during the working day. We would like to draw your attention to the house rules that apply at the terrain of Ennatuurlijk Aardwarmte.

General

- The regulations of the Road Traffic Act apply on the terrain;
- The maximum speed is 15 km/h;
- It is not allowed to sleep or spend the night in a truck on the terrain;
- Keep our terrain clean.

Access to the terrain

- Every supplier has a unique access code to open the fence;
- They can access the code on the numeric keypad on the right side;
- If you have not received a code, please contact your client;
- The exit gate opens automatically.

Lossen

- Unloading is possible between 06:00 and 18:00;
- You must always wear safety shoes and high-visibility clothing on the Ennatuurlijk Aardwarmte terrain;
- Always unload in the designated unloading pits;
- It is strictly forbidden to enter unloading pits and cross barriers by going over or under them, or enter working area that are cordoned off;
- When the gate is open, it is not allowed to:
 - Stand, lean or sit on the concrete edge of the unloading pit;
 - Extend your head, arms, legs or other body parts over the concrete edge of the unloading pit.
- Don't leave the engine of your truck on unnecessarily, in order to keep stench, environmental impact and noise at a minimum;
- Always turn your engine off and apply the handbrake before you leave the cabin of your truck.

Smoking, alcohol and drugs

- Smoking and open fire are banned on the terrain;
- On the terrain, it is not allowed to be under the influence of alcohol or drugs, or to use these substances.

Incidents/Damage

Report unsafe situations, accidents, collisions or damage to materials, equipment or environment via the emergency number: +31 8800 48 555

Lighting after sundown

The lighting of the unloading pits will switch on automatically when the gate is opened. You will have an hour to unload, and when that hour has passed the lights will switch off automatically.

Thank you for your cooperation.
